Consider the Opportunity

Come and experience the atmosphere of this community rich in clean air and fresh mountain streams! Stroll through our nature trails, or backpack on the mountain pass. Fish in our rivers that teem with salmon, steelhead and trout; or cruise the tide-waters for Chinook, halibut and cod. Photograph the wild grizzly bear, black bear, deer, mountain goat and the majestic bald eagle. Bella Coola is a paradise for the outdoor enthusiast and photographer.

Position Summary: Organization and management of diagnostic services. Responsible for the routine technological duties, maintaining standards, quality control, maintaining instruments, scheduling and everyday problem solving. Perform daily routine duties at bench, including areas of Hematology and coagulation, Chemistry and Blood banking.

Qualifications: Registered Medical Laboratory Technologist with current CSMLS, with a minimum of five years experience. Ability to communicate effectively, both verbally and in writing. Ability to work independently, prioritize and organize work. Ability to deal with others effectively. Physical ability to carry out the duties of the position. Ability to operate related equipment.

Benefits and Incentives: Relocation and Recruitment incentives available.

Facility: Bella Coola General Hospital, 1025 Elcho Street, Bella Coola, B.C. Forward resumes to Christine.hyde@vch.ca, or by fax to 250-799-5635.

We thank all applicants for applying. Short listed candidates will be contacted; others will be kept in our database for future consideration.
